

Adult Canine Wellness Package

(best for 1 – 6 years of age)

Adult Wellness Plan Keep your pooch happy and healthy. Consider doing these annual preventative tests. The Adult Wellness Plan includes all your yearly recommended tests for ages 1-6 years. Best of all, it includes some of the best flea controls on the market.

1. Comprehensive Annual Health Examination

(including examination of oral cavity, palpation of the abdomen, and auscultation of the heart / lungs, weight, temperature)

2. Adult Blood Test Panel

(including checking for basic kidneys, liver, electrolytes, diabetes, infection in the blood, anemia, platelet count)

3. Heart-Worm Testing

(annual screening for a life-threatening parasitic infection of the heart and lungs)

4. Fecal Testing

(checking for intestinal worms that can harm your dog and possible could be transmitted to people)

5. Oral Flea Control 6 months supply (chose one: Comfortis, Trifexis, Nexgard)

(Next generation oral flea control is much more superior and safer vs topical medications)

Total Discounted Cost for the Package \$300 (compared to regular \$475); price is valid with this certificate only. Can not be combined with any other offers. Not valid for emergency, critical care or hospitalized patients. Some restrictions apply. Must be 18 years or older. Offer expires December 31, 2018
